

May 1978.

CHENIES VILLAGE SOCIETY

SUPPORT YOUR LOCAL LITTER COLLECTION

Once again the litter seeds so thoughtfully scattered by our visitors have germinated in the Spring sunshine. A casual stroll around the village makes one aware of the enormous harvest available for the taking. Certainly it will exceed the sixteen bags collected last year, not counting the box of kippers so thoughtfully abandoned by a passer-by.

Harvesting/scavenging will commence at 10.30 a.m. on Saturday, 3rd June, and all are invited to help reap this harvest.

Work has already commenced in the Churchyard with a view to regaining the Swan denoting the title of "The Best Kept Village", and it is hoped that with a concerted effort by residents this esteemed bird will once more grace our village green (to be joined by a village pump shortly).

At the Annual General Meeting of the Society it was agreed that the litter collection should be sponsored in order to raise funds for the village party to be held on the 30th June. Should you be prepared to sponsor the collection will you kindly complete the attached slip and return it to any Member of the Committee as listed on the party invitation form.

Your assistance with labour or a monetary contribution will be greatly appreciated.

F. Hudson
Treasurer
8 Bedford Close, Chenies.

I am prepared to sponsor the litter collection
at p. per sack collected.
